9 Years of experience

Professional Bio:

Jamie is a public health professional with 9 years of experience managing global multi-million-dollar health system strengthening programs, including US Government grants and contracts. She has strong experience improving program cost-efficiency, building cross-discipline and international partnerships, and implementing and monitoring data-driven healthcare interventions in low-resource settings. Jamie is a researcher focused on pregnancy, antenatal and postpartum care, vaccines and immunization programs, and infectious diseases. She is skilled in technical writing, including systematic reviews and meta-analyses, policy analyses, epidemiological studies, and grant writing.

Skills & Expertise:

Program/Project Management; Monitoring, Evaluation, and Learning (MEL); Budget & Finance; Grants Management; Proposal Writing; Strategic Planning; Policy Development; Stakeholder Engagement; Localization / Capacity Strengthening; Global Health

Sectors of Work:

International Development; Public Health; Diplomacy & Foreign Affairs

Languages Spoken:

English, Amharic, Oromo, Spanish
